Crime prevention Advice

Here are a few key tips to keep home and possessions safe when enjoying the summer period.

- Keep front, patio and back doors closed and locked when you are elsewhere in the house or in the garden.
- Ensure that all windows and external doors are not only closed but locked at night or when you are out of the house. Even a small window could provide a burglar with an opportunity to reach through and open a larger window to gain access.
- Remember to close downstairs windows when leaving a room, to deter the opportunist thief.
- Don't leave keys in the door locks.
- Find out about property marking schemes such as Smartwater. If an item is marked it will be much harder for a thief to sell on. Also, if recovered, stolen items can then be returned to their rightful owner.
- Register your property at www.immobilise.com
- Look out for your neighbours' property if they are away for a few days.
- Keep your fences, gates, sheds, outbuildings and walls in good repair to stop intruders getting in.
